NEWARK-ROBEY TRUST CO.
FIRE INSURANCE COMPANY.
 Office 185, East Water Street.

THIS Company offers unrivalled facilities for the insurance of Buildings and Personal Property against fire. The advantage of this security is based upon the fact that the real estate insured is by law bound to maintain it made to cover losses beyond the power of action. Every person insured has a member of the Company and entitled to one vote. The duty of insurance is considered one-third as much as in Stock Companies, and nothing of the increased security and the income comes with which losses are met. During the years this Company have issued 2600 Policies, and but three assessments have been called on the property insured, and no payment has been called for. As business is really confined to this State.
